About Layer 8 Conference

What is Layer 8 Conference?

Layer 8 Conference is a 501(c)(3) non-profit organization and the first conference in the world solely focused on both social engineering and intelligence gathering. The conference creates opportunities for individuals in the field, or curious about the field, to both present and participate in a welcoming atmosphere that encourages learning and collaboration. The day will be filled with thought-provoking discussions, demos, and a chance to meet someone new.

The Layer 8 Mission

To provide the OSINT and social engineering community with alternative engagements by removing common conference barriers and providing more options for speakers, topics, and events.

2025 is the 5th Layer 8 Conference!

What To Expect At Layer8 Conference 2025

An Event For Practitioners by Practitioners

Each Layer 8 Conference has been a community-driven event meant to expand the spectrum of conversation beyond the traditional confines of space and time. They create opportunities for individuals to both present and participate in an intimate atmosphere that encourages collaboration amongst peers. It is where conversations for the next big things in security happen and future leaders are found.

Layer 8 Conference is Growing!

Layer 8 is a conference that has been growing from the ground up. The conference attracts international attention and the attendance has doubled each of its three years.

Layer 8 Conference 2025 Sponsor Benefits

Our team has come up with a variety of novel ways to engage with participants including:

- Delivery of informational materials and swag
- A table in the vendor hall with access to all attendees
- Frequent mentions during the conference

The volunteer Layer 8 Conference team is actively engaged with event organizers around the world and expect benefits to evolve. Some of our past sponsors include:
